OSAMUDIAME R. IGBINOBA

FRONTEND DEVELOPER

Lagos, Nigeria | 09017827061 | ruth.igbinoba12@gmail.com

Linkedin | Github | Portfolio

PROFILE SUMMARY

Self-taught, dedicated and meticulous frontend developer with a year's experience creating and executing user interface designs utilizing HTML, CSS, Bootstrap, JavaScript, and React.Js.

SKILLS

Development Skills: Responsive Web Design, Frontend Web Development

Tools: Version Control (Git), Visual Studio Code

Technologies: HTML, CSS, JavaScript, Bootstrap, React , SASS

EDUCATION

University of Benin, Nigeria   2015- 2021
Bachelor of Engineering in Chemical Engineering
(2nd Class Honours - Upper Division)

WORK EXPERIENCE

Web Developer Intern   Jul – Dec 2021
KodeCamp, Nigeria

- Collaboratively developed a learning management system for the KodeCamp Internship program. Developed the:
    - login page,
    - signup page,
    - dashboard page and
    - the scheduled task page for the program mentors using React.js and React Bootstrap.
- Solely designed and developed a mock blog post page using Javascript concepts, APIs and Bootstrap. This enables the view of a single blog page with one simple click and reduces the need for scrolling through.
- Developed a website where different planets and the characters that live on such planets can be viewed using React.js and React Bootstrap. Details of each character and planet can be found by simply clicking on them.
- Collaborated with team members in building an auto-repair website.
- Solely designed and developed the services section of an auto-repair website.

Participant, Hacktoberfest 2021   Oct – Nov 2021
Ingressive4Good, Nigeria

- Built the header, hero, about us, and recent projects section of this model agency website using HTML and CSS.

CERTIFICATION

- Responsive Web Design Certificate (freeCodeCamp)
- Certificate of Completion - Frontend Development (KodeCamp)
- Jobberman Soft Skills Training (Jobberman Nigeria)
